News for You

Where does your electricity come from? - Learn about Ontario's electricity supply mix. Visit KingstonHydro.com/RatesAndRegulatoryAffairs

Natural gas rates quarterly review - We have reviewed rates for the natural gas commodity and transportation and storage, effective Aug. 1, 2025. Visit UtilitiesKingston.com for more information.

Total Ontario Support - Total Ontario support: \$135.23. To learn more about the province's electricity support programs, visit Ontario.ca/yourelectricitybill.

Payment Options

We offer a variety of convenient payment options, including:

Pre-authorized debit

Sign up for a pre-authorized payment plan.

Where you bank

By teller, ATM, phone or computer. Contact your bank for details.

Paymentus

Pay online with Visa or MasterCard.

Payments can also be made by mail, at the City of Kingston's Payment Centre, or using our 24-hour depository box. Explore payment options at [UtilitiesKingston.com/Accounts/PaymentOptions](https://www.utilitieskingston.com/Accounts/PaymentOptions). To avoid late payment fees, allow sufficient time for your payment to reach Utilities Kingston by the due date. Past due amounts are subject to appropriate collection action, which may include interruption of utility service.

Go paperless! Register for MyUtilities and get instant access to your account details. View and track your water, gas, and electricity use, manage costs, and sign up for convenient eBilling - all in one place. Create your account today at [My.UtilitiesKingston.com](https://www.My.UtilitiesKingston.com)

Meter Reading

Utilities Kingston undertakes to collect meter readings monthly, in time with bill cycles. If we are unable to collect an actual read, we will estimate your usage based on your address history and adjust this estimate during the next meter reading. For more information about Terms of Service visit [UtilitiesKingston.com](https://www.UtilitiesKingston.com)

Glossary of Terms for our Low Volume Electric Customers (Residential and Small Business Customers)

Electricity

This is the cost of the electricity supplied to you during this billing period and is the part of the bill that is subject to competition.

Delivery

These are the costs of delivering electricity from generating stations across the Province to Utilities Kingston (on behalf of Kingston Hydro Corporation), then to your home or business. This includes the costs to build and maintain the transmission and distribution lines, towers and poles and operate provincial and local electricity systems.

A portion of these charges is fixed and does not change from month to month. The rest are variable and increase or decrease depending on the amount of electricity that you use.

The delivery charge also includes costs relating to electricity lost through distributing electricity to your home or business. Utilities Kingston (on behalf of Kingston Hydro Corporation) collects this money and pays this amount directly to our suppliers.

*When electricity is delivered over a power line, it is normal for a small amount of power to be consumed or lost as heat. Equipment, such as wires and transformers, consumes power before it gets to your home or business.

Regulatory Charges

Regulatory charges are the costs of administering the wholesale electricity system and maintaining the reliability of the provincial grid.

Global Adjustment

Electricity generators in Ontario receive a combination of payments from the operation of the wholesale market, payments set by regulation and payments under contracts. Your portion of the net adjustments arising from these and other authorized payments is included on your bill as the Global Adjustment.

For a detailed explanation of electricity terms, please visit [OEB.ca](https://www.OEB.ca)
